## THE CANADIAN COMIC WITNESS PROTECTION PROGRAM

### A CELEBRATION OF THE ACCLAIMED ANONYMOUS

"I think I recognize that guy from somewhere..."

- Joe Seagul, Good Morning Medicine Hat

"Two of these guys were in that movie with what's his name."

- Robert Eager, Bay of Fundy Times

### Fact sheet

#### What people are saying

- **HINDERLAND WHO'S WHO** *def.* The Canadian Comic - warm-blooded mammals that have mammary glands and a four-chambered heart. They give birth to live young (as opposed to laying eggs) and are either partially or completely covered in hair. Easily irritated, often moody, these funny, furry bodacious creatures have difficulty providing for their young in the cold, harsh Canadian climate. Like their distant cousin the bitch weasel, they yearn to migrate to the warmer, greener pastures of L.A.
- **THE JUSTICE DEPARTMENT** *quotes:* "In order for comical justice to prevail, witnesses must be protected from intimidation and be able to perform without fear of retribution. Failure to relocate these comics will ultimately lead to their untimely extinction."
- **THE CONSPIRACY GUY** (*whereabouts unknown*) "I know a guy, who knows a guy...no names...and he works at the Comedy Consulate on Parliament Hill...and he tells me that indeed there is a real glass ceiling. True story...no guff."

## How you can help

- Assist in the safe relocation and preservation of these comics by booking them **for your next private or corporate function**. You know their faces but don't know their names. This rotating cast of Canada's best comedic performers you have recognized from television have been relocated to a town, theatre or salad bar near you...often to keep them from traveling south of the border. Each customized show is personalized to suit your theme, location or industry and features **improv, standup, sketch and musical comedy**. We typically "relocate" 2-4 performers (depending on the client's needs and budget) along with our musical director and keyboard player Bob Lounge\*. **For a solid night of laughs, audience participation and interaction your colleagues and clients will never forget – book them now!** All shows are produced and hosted by "Conspiracy Guy" Rick Wharton, who is coming out of hiding...and yes, for our U.S. clients, we have been provided with new passports...and are more than willing to travel.  
*\* some names have been changed to protect the innocent*
